Founder Chairman's Message

“Education is simply the soul of the society as it's passes from one generation to another” G. K. Chesterson

I always experienced a yearning to acknowledge my responsibilities and reciprocate by contributing to the growth and development of our society. Years ago when I visited my son's school, I perceived that the best way to advance society is by fostering education and it was at that moment that the dream and vision of JIS Group Educational Initiatives was conceived. Vision looks inward and becomes duty. Vision looks outward and becomes aspiration. Vision looks upward and becomes faith. | Now, when this vision of duty, aspiration and faith has become a reality, it is a proud moment for me and my team to see thousands of students pursuing higher education in JIS Group of Colleges and equipping themselves to become industry ready professionals for successful careers. In this process the Group intends to unite all dimensions of Education from Undergraduate to Post Graduate Programmes in Engineering and Technology, Computer Applications, Dental Science, Pharmacy, Hospitality, diverse streams of Management and so on under the same umbrella in order to comprehensively and collectively optimize the reach of Educational Initiatives in every strata and corner of society towards a better future.

Our educational Initiatives believes that creating an academic foundation for social, cultural, scientific, economic and technological development in our Nation can mature into Global Interface by giving way to education exchange in the international territory as well. Therefore, our focus is to achieve unparalleled excellence that will bring development to our society and mankind by optimizing their potential, thereby establishing the observation of the renowned Journalist Sydney J. Harris on the role the purpose of education which is to “turn mirrors into windows”.

Late Sardar Jodh Singh
Founder Chairman

Managing Director's Message

I wish to thank you for showing interest in JIS College of Engineering, JIS Group. We have been providing quality education for the past 20 years and over 5000 students have graduated from JISCE since its inception in 2000. At JISCE, students are expected to have an enriching and life-turning experience which will enable them to reach new heights in their professional life. We foster sharpening of skills and enhancement of knowledge base in our students through various extra- curricular, co-curricular and curricular activities through faculty who not only keep themselves at par with the current developments but also contribute to the expansion of the body of knowledge in their field of expertise.

To facilitate this, we have Centers of Excellence to enhance domain specific research and training among members of faculty and entrepreneurship among students. With very congenial and professional environment our faculty makes substantial contribution to the academia through quality teaching, publications, seminars, conferences, etc. The faculty contribution has received recognition by way of various collaborations we have with our partner institutions and universities in India and abroad, and the excellent goodwill we enjoy with the corporate world who generously contribute to our various academic processes. The corporate interactions including corporate supported projects undertaken by our students it provides a close hands-on-experience to our students as part of our curriculum. Thus, as a student you certainly are expected to have an enriching and life turning experience that should propel you to take advantage of the new opportunities in life.

Mr. Taranjit Singh
Managing Director
JIS Group Educational Initiatives

Group Director's Message

It is very much safe to say that the world today we are experiencing is one of a kind. It has not been experienced by our generation not the one before us nor the one after us. But we are not in this alone, we are all together and together we will come out of it strong and determined. We have to understand that this world will never be the same again and I like to believe that we are stepping into The New World. We must learn to accept and adapt our lives in this New World. The COVID-19 pandemic has taught us many things, the most important of which is the role of nature in our daily lives. It has taught us that we cannot abuse nature and just carry on our lives. We have to learn to respect nature and learn to co-exist with it rather than destroying it.

Mr. Simarpreet Singh
Group Director,
JIS Educational Initiatives

Principal's Message

JIS College of Engineering (JISCE), an institution under JIS Foundation was established in 2000 by inspiration and motivation of Late Sardar Jodh Singh (Babujee) and was became first Private Autonomous Institute in the state of West Bengal in the year 2011. Institute is committed to emerge and disseminate world class unique learning experience through project-based learning and innovation across sphere. This premier technical institution has nurtured 10,000+ engineers and continuously evolved with the facilities like best infrastructure, state of art Laboratories upgraded with instruments and utility software packages, enriched library, central computing and net station, canteen, play field, gymnasium, medical facilities, and hostel etc.

As a mission of transforming education, in 2017 JISCE made a quantum jump in the pedagogical initiative through Flipped learning-first fully Flipped Institute in India as endorsed by AICTE, MHRD, Govt. of India. There has been a radical change in overall infrastructure through 24 Flipped classrooms, two number digital studios and Flipped learning discussion room. The uniqueness of a Flipped class is low end cognitive skills like remembering & understanding are done at home, while its application, critical evaluation of the concept and creating new ideas are done in a vibrant classroom environment. The teacher's role is elevated to that of the moderator of a brainstorming session. Each of these rooms has wired and wi-fi connectivity, Audio Visual presentation through LCD projector and complimenting Sound System. Our in-house publication on Flip Learning was launched by Dr Anil Sahasrabudhe, Chairman, AICTE. Being an Autonomous Institute, we provide a curriculum that reflects the latest trends of industrial revolution through Industry 4.0. All these efforts have been recognized through NIRF ranking in two successive years 2020 (Rank Band 250 to 300) and 2021 (Rank Band 200 to 250). JISCE has a vibrant Institutional Innovation Council (5 Star ranked) and received a rank in the band 26 to 50 in ARIIA 2020 as approved by MHRD innovation Cell with its peripheries extended over a variety of activities such as Idea Competition, Technical Symposium (JISTech), IPR awareness, Start-up activities, Networking with Industry and Institute of repute.

JISCE has made its mark nationally and internationally by developing learners with passion and commitment to work in a global environment, capable of creativity, innovation, and entrepreneurship for nation building through state-of-the-art teaching, learning and mentoring experience. We provide ample opportunities interactions with international experts and global leaders in a variety of curricular, co and extra- curricular activities for enrichment of learning experience. Institute is offering course curriculum with industry orientation and unique specialisations. Institute is having Ph.D holder and experienced faculties with extensive academic research experience and innovative methodologies of knowledge dissemination. Faculties of various department is contributing through R& D projects under different state level and international level funding Agencies. Faculties are also providing traditional consultancy in various sectors and firms.

To make our engineers “INDUSTRY READY” according to the benchmark of Industry 4.0, Institute has established Industry institute interaction programme under which 20+ faculty 10+ industries are collaborated to provide the industrial platform to the students and faculties. Students are allowed to carry on internship in their final year. The Institute has profound networking initiatives with a number of Industries and academics Institution of repute; same is endorsed by the signing of MoUs. Some of the notable Industrial MoU includes MoU with NHAI, PCRA, CGCRI, University of Alamo, MIPT-Russia, RNU-Russia, AIT-Bangkok through which industry experts are giving their guidance and expertise for events like Project expo, expert talks, seminars, workshops, industry tour etc. These programs have helped to achieve Academia- industry collaboration and Partnership for Innovation.

As a principal of this college, I ensure that JISCE is committed to work on the mission to produce globally employable innovative engineers with core values and to cultivate a field in which new ideas and research leading to emergence of creators, innovators, leaders, and entrepreneurs.

Prof. (Dr.) Partha Sarkar
Principal

VISION

Our Vision is to generate a stimulating academic environment for higher learning and to bring about a harmonious development of personality among the students by fostering leadership values and importing high degree of professional skills.

MISSION

- ✓ Our mission is to provide excellent educational infrastructure and academic ambiance conducive to higher learning by setting up centers of excellence and instill a sense of ethics and value system among the students.
- ✓ We are committed to provide opportunities to the students to develop their full potential and professional growth and to spread the light of higher education.

OBJECTIVE

- ✓ To nurture research and knowledge initiative
- ✓ To empower students with education and employment opportunities
- ✓ To establish worldwide network with industry
- ✓ To entrust our enterprise as well as change our students with social responsibilities

Glimpses of Institute

About the Institute

JIS College of Engineering, an institution of academic excellence was established in the year 2000 with a cherished desire to serve the cause of humanity through education. Since its modest beginning on September 1st, 2000 JISCE has crossed twenty-one years of its journey so far and has gone from strength to strength until now. Eight undergraduate programmes are running namely Civil Engineering, Mechanical Engineering & Electrical Engineering followed by Biomedical Engineering, Electronics & Communication Engineering, Computer Science Engineering, Information Technology and Agricultural Engineering. We have four Post Graduate Programmes in Engineering, one in Business Administration & one in Computer Application. The JIS College of Engineering has blossomed into six value Added Centers such as British Council Centre for Communication Skills, NPTEL Centre for Value Addition, TATA Technologies Centre, CII Centre for Innovations and a Centre of Excellence, created by a joint partnership with Universities of the Russian Federation. As a mission of transforming education, in 2017 JISCE made a quantum jump in the pedagogical initiative through Flipped learning-first fully Flipped Institute in India as endorsed by AICTE, MHRD, Govt. of India. There has been a radical change in overall infrastructure through 24 Flipped classrooms, two number digital studios and Flipped learning discussion room. The uniqueness of a Flipped class is low end cognitive skills like remembering & understanding are done at home, while its application, critical evaluation of the concept and creating new ideas are done in a vibrant classroom environment. The teacher's role is elevated to that of the moderator of a brainstorming session. Each of these rooms has wired and wi-fi connectivity, Audio Visual presentation through LCD projector and complimenting Sound System. Our in-house publication on Flip Learning was launched by Dr Anil Sahasrabudhe, Chairman, AICTE. Being an Autonomous Institute we provide a curriculum that reflects the latest trends of industrial revolution through Industry 4.0. All these efforts have been recognized through NIRF ranking in two successive years 2020 (Rank Band 250 to 300) and 2021 (Rank Band 200 to 250). JISCE has a vibrant Institutional Innovation Council (5 Star ranked) and received a rank in the band 26 to 50 in ARIIA 2020 as approved by MHRD innovation Cell with its peripheries extended over a variety of activities such as Idea Competition, Technical Symposium (JISTech), IPR awareness, Start-up activities, Networking with Industry and Institute of repute. JISCE has been also selected as Mentor Institutions under the Mentor-Mentee Program 2021-22 (With Funding Assistance from MIC/AICTE). JISCE has set up Centre excellence in collaboration with Russia. The Institute has received TEQIP 1.2 grant Phase-II and has a vibrant R&D atmosphere with more than 600 publications in SCOPUS/WS/TR/SCI-indexed journals in past 10 years, more than 15 crore of funded projects from DST, CSIR, UGC, AICTE, NRDC and so forth. The Institute has also received FIST project from DST under level-0. Till date, a total of 104 IPRs has been filed of which 96 are published and 04 have been granted. As a part of upgrading students' overall quality of students and their holistic development; students undergo need based Industrial training, Industry visits, including Internship activities abroad (at MIPT, Moscow; AIT, Bangkok), participation in AICTE Internship, AICTE Internshala

programme and in various co and extracurricular activities. The Institute has profound networking initiatives with a number of Industries and academics Institution of repute; same is endorsed by the signing of MoUs. Some of the notable Industrial MoU includes MoU with NHAI, PCRA, CGCRI, University of Alamo, MIPT-Russia, RNU-Russia, AIT-Bangkok.

Undergraduate Programmes Offered:

Sl	Programme	Sanctioned Intake
1	Computer Science & Engineering (CSE)	180
2	Electronics & Communication Engineering (ECE)	120
3	Electrical Engineering (EE)	120
4	Information Technology (IT)	90
5	Mechanical Engineering (ME)	60
6	Civil Engineering (CE)	60

Human Resource Department (HR) has primary responsibility for managing, assisting and dealing with all employee related matters including such functions as policy administration, recruitment process, benefits administration, employment and labor laws, new employee orientation, training and development, labor relations, personnel records retention, wage and salary administration, and employee assistance program.

HR handles a variety of work products and creates and processes several different documents. HR works closely with all Departments of JISCE to support and respond to their personnel related needs. This Human Resources Report provides a clear & analytical view on JISCE employee metrics and how we translate our strategic priorities into measurable action. It gives a clear picture of what we achieved in 2021- 22 in building our organizational culture (diversity and inclusion), talent development, talent acquisition and benefits. Recruitment: HR has made a continuous effort to attract, select and appoint the most suitable talent through effective and fair recruitment selection practices in consistency and aligned with JISCE's goals.

Academic Performance Indicator (API):

This process is designed to improve job understanding, promote more effective job performance, and establish future goals for career growth. The goal of the annual performance appraisal process is to provide staff members with feedback on their performance and accomplishments for the previous year. As per UGC guide line of API system, JISCE also maintaining a person's individual performance and development as well as their personal contribution. In the year 2020-2021 total 126 employees' performance appraisal were assessed for their higher cadre and yearly increment.

**Welfare & Benefit:**

Responsible and competitive compensation to the employees is an important

element in HR practice of JISCE. Thus, JISCE provides its staff various benefits in addition to support their professional development. JISCE offers number of benefit programs focused on physical, mental and financial well-being as well as a healthy work-life balance. This is a key factor in attracting and retaining our employees. JISCE also provide the ESI benefit Medical allowances, sickness benefits, maternity benefits, disablement benefits, dependent Benefits and funeral expenses to its employees. Apart from the statutory benefits provided, JISCE provides Corporate Group Health Policy for all employees of Institutes applicable to teaching and non-teaching staff. JISCE in view of providing a platform for higher studies, for the existing students who enrolled for other programs offered by JISCE in the year 2020-2021. It has also contributed towards the higher education of the children of its non-teaching staff as a part of its employee welfare program. For Professional development JISCE provides 2 days per month with pay leave for it's faculty who has been registered for Ph. D program.

Promoting Professional & Personal Development:

Human Resources provided a variety of training and development opportunities aimed at building employee capacity to deliver services, meet strategic needs and align with the JISCE values, our strategic plan, and overall mission. Training and development programs in the areas of executive and leadership development both in teaching and non-teaching domains directly support our mission. Training programs are designed, developed and facilitated by internal as well as external experts where required. We also provide customized solutions for departments by delivering in-house facilitation and work- climate diagnosis. Employees are attended various conferences, workshops, seminars, FDP for their carrier development.

Central Library

Library Hours

From 8 am to 8 pm on Monday to Friday & 9.30am to 1.30pm on Saturday.

Library Floor Area

Carpet area of Central Library main building 1,079 sq.mt two floors along with reading room, Book Bank section is in Separate Building and Digital library (Spread over 2nd and 3rd floor of the building) the library extended baggage desk and permanent posting of security.

Library System

The library system consists of Central and departmental libraries considered as integrated Knowledge Resource Centers with array of print and digital information sources of every relevant fields of academic and research activities. Central Library began the process of automation in 2004, with barcode technology using fully automated process with commercial ILMS, LIBSYS version 4.0. In 2017, the College introduced web based library management software, LibMan to improve and streamline the library operations in a more effective and efficient manner. The software is extensively used for all library activities, like cataloguing, circulation, Web OPAC, generating all the reports of the Library. Presently all the library books are circulated with the help of barcode technology. With the LibMan version 5.3, the library provides WebOPAC (Web based Online Public Access Catalog) facility to its clients and users can search the library collection remotely.

Library services beyond curricula

The library always encourages the reading beyond course curricula. Some examples of such initiatives are:

- It provides access to internet to develop self learning process of the student;

- Through departmental libraries, it encourage the R & D initiatives of the student;
- Library has good resources on soft skill development and aptitude tests.

1.1 Library Information Services: Statistics

Item	2019-2020	2020-2021
Books (General)	45579	45635
Book Bank	43792	43792
e-Books	645	2807
e-Journals	297	204

1.2 Major Initiatives

- **Membership of NDLI**
National Digital Library of India (NDLI) is a virtual repository of learning. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. It is developed, operated and maintained by the Indian Institute of Technology, Kharagpur.
- **Library on Wheels**

Due to outbreak of COVID – 19, the library works and services have undergone a major change. In this pandemic situation students are not able to visit the library. In this situation, with the inspiration of JIS Group, the JIS College of Engineering has taken a novel initiative to launch **Library on Wheels**. It has planned to visit different parts of the state and other states with Book Bank books to deliver the knowledge resources to the door step of the students so that they can continue their studies uninterruptedly.

Total 1665 students of 3rd, 5th and 7th semesters enrolled in this programme. The Library on Wheels has started its journey in the morning of 10th August, 2020 with around 210 sets of book bank books to 24 Parganas (N). Library on Wheels has covered almost 6000 KM with 1304 sets of books to twenty one districts, i.e. 24 Parganas (N), Nadia, Hooghly, Bardhaman(East & West), Howrah, Midnapore(East & West), Bankura, Birbhum, Malda, Murshidabad, 24 Parganas(S), Kolkata, Alipurduar, Cochbihar, Dinajpur(East & West), Darjeeling, Jalpaiguri, Kalingpong and two other States i.e. Bihar & Jharkhand ended on 18th October. The Library on Wheels also collects the previous semester books from the students.

- **Membership of NLIST consortium**
It provides access to 6000+ e-Journals & 1,000,00+ e-Books
- **Registration with NDLI Club**
Different types of NDLI club activities are occurring through NDLI club in collaboration with IIT KGP.
- **Development of Web accessible portal for e-Books**

Total **2807** electronic version of titles related to the subjects of various disciplines of JISCE have been collected and stored in the Google drive for electronic access of the same. Finally the collection was made available remotely with the help of Google site (<https://sites.google.com/view/digital-collection/home>)

SL	Name of Department	No of E-Book Published
1	CSE	306
2	IT	300
3	ECE	352
4	CE	209

5	ME	408
6	EE	316
7	BME	155
8	BSH	294
9	BA	359
10	CA	108
Total		2807

- **Remote Access of e-Resources**

During this Lockdown period, Central Library is providing the remote access of its e- resources to the students and teachers of the college. i.e.

- IEEE ASPP e-Journals
- IEEE Wiley e-Books
- NDLI
- N-LIST e-ShodhSindhu
- Shodhganga
- Coursera
- NPTEL
- Library eResources

- **Initiation of RFID Technology**

It is an ongoing process.

1.3 Usage statistics of e-Journals and eBooks

E-Resource	2020-2021
IEEE ASPP e-Journals	210
IEEE Wiley e-Books	22
N-LIST	28
Digital Library	16,500
Total	16,760

1.4 Student Amenities and Activities

- It provides access to internet to develop self learning process of the student;
- Library has good resources on soft skill development and aptitude tests
- Library provides huge number of e-Resources through N-LIST & NDLI
- Different types of NDLI club activities

1.7 Weeding out of books

Not yet done.

A policy may be chalked out keeping in mind the Book-Student ratio as per AICTE norms.

1.8 Future Plan for upcoming years (From 2021-2022 onwards)

- Completion of RFID
- Upgradation of CCTV facility
- Stock verification
- Organizing online Quiz Competition
- Organizing webinars
- Enrichment of Rare book section
- Updating of Institutional Repository
- Maintaining sustenance of existing facilities and services

Office of the CoE:

A. Pre-Examination Process

- 1. Student Master Formation:** At the starting of each semester every student is registered with his/her name for the ongoing semester in allotted paper as per their curriculum. The backlog papers also tag with his/her name according to the previous semester results.
- 2. Question Master Formation:** The list of question papers (Regular and Backlog) have been prepared automatically from the curriculum and no students under each paper code are also tagged with corresponding paper code.
- 3. Question Paper vs Teacher Mapping:** Each question paper is tagged with the corresponding paper setter. Every Teacher is registered with his/her name with their corresponding paper.
- 4. Form Fill-up Process:** The whole examination form fill-up process has been conducted online through a reputable vendor. The database of examination form fill-up process is maintained and monitored also.
- 5. Examination Fees Collection:** After the examination form fill-up process, examination fees are collected online through a reputable vendor.
- 6. Admit Card Generation:** After the examination fees collection process, students can download their admit card online through.
- 7. Outcome Based Question Paper Generation:** All the questions have been tagged with COs and Blooms Taxonomy Level to make the entire evaluation process outcome based.

B. Examination Process

- 1. Upload the Question Bank:** Every teacher uploads their questions in an online platform tagging with COs. Every question paper has three types of questions: Multiple choice questions, Short answer type questions and Long answer type questions.
- 2. Question Paper Moderation:** All uploaded questions under each paper code are now moderated automatically online through EMS.
- 3. Generation of Question Paper Indent:** The list of question papers with the no of student count for each paper code for each day of examination has been generated automatically online through EMS.
- 4. Question Paper Generation:** On the day of examination question papers for each paper code is generated online through EMS from the moderated question.

5. **Question Paper Printing:** On the day of examination, two hours before the commencement of examination question papers for each paper code is available for print in EMS. All the papers are printed through online EMS.

C. Post-Examination Process

1. **Answer Script Scanning:** Each answer script is scanned with a unique code no.
2. **Answer Script Distribution:** Each scan answer script is now distributed among teachers randomly.
3. **Answer Script Evaluation:** Each scan answer script is now evaluated in an online platform. Central Evaluation is done by double valuation (1st evaluation and Head Examiner Evaluation) through online on screen marking after scanning the answer scripts and uploading in online software (candidate's identification masked to the evaluators)
4. **Marks Tabulation:** Marks of each paper is now tabulated in an online platform.
5. **Grade Card Generation:** The Grade Card is generated from the TR online and students can access the same through an online platform. The results are published within 30 to 45 days after the last examination.
6. **Attainment Calculation:** After result publication attainment has been calculated for each program through an online platform.
7. **Review of Answer Script:** Students are allowed to apply for review through an online platform.

Institution-Industry Cell

Institution – Industry Cell is established to bridge the gap between the institute and industry and thus enhance the relationship among each other.

This cell identifies the industrial expectations and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes.

The aim of the cell is to make an effective contribution to the educational system by identifying the gap between academic curriculum and the needs of the industry.

Institution – Industry Cell promotes in equipping faculty to latest practices and makes the students industry-ready by providing exposure to current industry practices and hone their skills to adapt to changing technologies.

The primary focus of Institution – Industry Cell is to interact with elite industries across the country and establish partnerships with them.

Function of the Cell:

The institute has set up an Industry-Institute Partnership Cell with the following objectives:

- Bridging the gap between Industry-Institute by interactive programs.
- Promoting a partnership approach towards mobilizing industrial personnel.
- To arrange for students' industrial visits.
- Organizing seminars, symposiums, exhibitions and workshops both for faculties and students in cutting edge technologies to cater to the current needs of the industry.
- To arrange industrial training for students and faculty members.
- To identify the opportunities for student project work in industries.
- To encourage the department level tie-ups or MoUs with industries for the mutual benefit.
- To promote consultancy activities and research and developmental activities with industry.
- To enrich the teaching learning process through identified industrial gaps.
- To invite industry experts for guest lectures, seminars, Brain-storming sessions and expertise sharing.

Roles & Responsibilities of the Committee Members:

- To initiate different collaboration with industries at institute level by identifying the industrial expectation and promoting institutional preparation for meeting industrial needs by facilitating project work, seminars, workshops and various other industrial training programmes.
- To identify the gap in the curriculum keeping in mind the Program Specific Outcome of their respective department and cater to them by initiating different events, workshop, industry visit etc. in collaboration with different industries.
- To identify the need of the industry and current trend by getting the requirement from the students for initiating different events, workshop in collaboration with different industries.

Institution - Industry Cell Impact Analysis:

- Webinars helps in bridging the gap between Industry and Academia and thus providing the industrial and practical knowledge to the students on recent trends in Industries.
- Students got the opportunity to work in an Industrial Project.
- The effectiveness of this practice can be gauged by the great response of the participants of the workshops.
- Students picked up what they learnt at the workshops to implement their own mini project and also final year projects.
- Industrial Visits has been organized to give the students an elaborate exposure towards the industry need in recent times.'

Activities of Institution – Industry Cell (2021-2022)

The industrial visit bridges the gap between theoretical training and practical learning in a real life environment.

It was informative and the students gained hands-on experience of how industry operations are executed.

Social Media Activity

Social Media Activity

Social Media plays a vital role in branding of JIS College of Engineering and also helps in bridging the gap between the institution and its stakeholders. JIS College of Engineering is active on various social media platforms such as Facebook, Instagram, Twitter, Linked in and YouTube.

Role of JISCE Social media:

General Outreach: With majority of student crowd present on Social Media, it provides JISCE a platform to promote activities, receive feedback and start conversations. It provides a better way to connect with parents and community and keep them up-to-date. This is a very effective tool for Alumni Engagement. Thus, Connecting Students, Teachers, Parents, Alumni and other stakeholders, social media plays an important medium of communication.

Better Community Engagement: A great tool to reach out to potential students through addressing them on these sites. Advertising on this medium in specific demographics, it is easy to target the right crowd. Therefore, reaching out to more people/potential students is now easier and faster.

Promoting College Pride: Creating a mascot to engage and encourage college spirit, the students love to talk/tweet/like about things going on in the college which make them proud to be part of it.

Professional Development: Helps in networking with different industry experts and faculty of different institutions.
